“Keep up the good work! This is a very valuable program.”

“I think the program is a great way for students to experience a real world environment early in their college careers. This, in my opinion, is extremely valuable as they try to hone their focus on a particular part of their major. Nice job CDC!”

“My student was a joy to have around. I am sure that he will serve Bucknell well.”

“Our experience with the program was great, and our extern was excellent!”

“I think this was a great program and it was a pleasure having our two externs. We would be happy to participate in the future.”

“I'm so glad to see Bucknell helping their students in this way. When I graduated from Bucknell there weren't a lot of resources for me in the field of advertising. I'm thrilled to see the networking process started early and opportunities for students who are thinking about more creative career paths. Great program!”

“The idea of offering this program is TREMENDOUS. I wish it had been available to me when I was a student.”

“Good program to help expose students to possible career choices at an early stage of their college education so adjusting courses needed etc. won't be so difficult plus students can explore fields that may not have occurred to them at the time of enrolling at Bucknell.”

“The program is a great idea and the students are very lucky that you put it together.”
