Help Us Help Others!

Since 1999, Bucknell has been involved in a unique partnership with a resettlement community outside the capital city of Managua, Nicaragua. Volunteers involved in this student-initiated service-learning project help raise money for the free health clinic in Nueva Vida, a facility largely built with donations raised by the Bucknell Brigade. Please consider donating any of the items from the Bucknell Brigade Wish list for use in the health clinic in Nueva Vida, Nicaragua.
