

Each year, Information Services and Resources recognizes the valuable contributions made by our graduating student assistants by dedicating a book to the Ellen Clarke Bertrand Library in their name. The book is of the student's choosing and contains a uniquely designed bookplate with their name and class year. In addition, the permanent catalog record of that book includes the student assistant's name as the person honored by the dedication. Through the Bertrand Library online catalog, you can enter the student's name as a keyword search and access the record of the book dedicated to him or her.
