Open Nominations
Self nominations *are* permitted.

Close Nominations
Each Nominee has 2-3 min to speak. Nominees not speaking are asked to leave the room.

All nominees leave the room, quorum discusses options.

Vote by closed ballots. Majority wins.

Votes are tallied, nominees brought back into the room. Results announced.

- If there is a tie, the SERV advisor will cast the deciding vote.
- If 'No' votes are a majority nominations will be re-opened.
- If a position is vacated, elections will be held for that position.

What is a "No" vote?
a "no" vote means that you are voting that none of the nominees should take office, this is different from an abstention. If there are a majority of "no" votes then we re-open nominations.

Any active, non-probationary member in good standing with William Cameron Engine Company and the SERV Division may run for Chief of Operations or Chief of Administration.

**Chief of Operations** - Must be an active member for at least three (3) academic semesters and be a Crew Chief.

**Chief of Administration** - Must be an active member for at least three (3) academic semesters.

If there are no more qualified candidates elections are open to all active members.

Any active member of the SERV division, who is also in good standing with the William Cameron Engine Company, may run for Secretary or Treasurer.

**Secretary** - Must be an active member for at least one (1) semester.

**Treasurer** - Must be an active member for at least one (1) semester.
