If you answered “Yes” to any question above, or if these questions help you identify sensitive information or technology to which the beneficiary/employee may have access, Bucknell needs to give further consideration to deemed export compliance for the case. Please consult the Office of the General Counsel to discuss your situation and possible deemed export compliance issues.

If you answered “No,” to all questions above, you may complete the below attestation:
DEEMED EXPORT ATTESTATION FROM I-129

Check Box 1 or Box 2 as appropriate:

With respect to the technology or technical data the petitioner will release or otherwise provide access to the beneficiary, the petitioner certifies that it has reviewed the Export Administration Regulations (EAR) and the International Traffic in Arms Regulations (ITAR) and has determined that:

☐ 1. A license is not required from either U.S. Department of Commerce or the U.S. Department of State to release such technology or technical data to the foreign person; or

☐ 2. A license is required from the U.S. Department of Commerce and/or the U.S. Department of State to release such technology or technical data to the beneficiary and the petitioner will prevent access to the controlled technology or technical data by the beneficiary until and unless the petitioner has received the required license or other authorization to release it to the beneficiary.

The information provided is true and correct to the best of my knowledge.
