

Spring 2018

To the Reader:

The following report presents the results of an extensive survey and information gathering process conducted by the Career Development Center to obtain postgraduate information for Bucknell University's Class of 2017. The statistics provided are based upon information first received from an electronic survey conducted at the annual cap and gown distribution each May. From that point through mid-February (nine months), additional research and outreach is conducted with all students who responded initially as "still seeking." This targeted outreach is accomplished via mail, email and/or telephone to secure information on their status. The information shown in this report is based upon data from 99 percent of the Class of 2017.

The goal of this report is to highlight in detail the postgraduate activity of the Class of 2017. To that end, it is organized in the following manner:

- The Summary of Data (p3) provides a quick overview of all activity reported.
- The Employment Information section (p5) lists alphabetically by college, the organizations where 2016 graduates accepted offers of employment. In addition, this section provides aggregate data on the locations and industries of these organizations, salary information, how positions were identified and additional offers received.
- The Graduate & Professional School Information section (p19) lists alphabetically by college the graduate and professional schools where 2017 graduates accepted offers of admission. In addition, this section provides aggregate data on the degrees sought and the fields of study pursued.
- The Breakdown by Academic Major Information section (p27) lists alphabetically by major the organizations where 2017 graduates accepted offers of employment, as well as mean salary information for those who chose to provide this information. A list of graduate schools where 2017 graduates accepted offers of admission, as well as the scholarships/ fellowships they received follows.

(Please note: This data does include students who have declared two and three majors; which will cause the department figures to differ slightly from the overall report figures.)

A copy of this report is available on the Career Development Center's website, bucknell.edu/cdc. Permission for use of this information should be directed to the Bucknell University Career Development Center.

Sincerely,

Pamela G. Keiser

Executive Director, Career Services

	GHD	Engineer	
	Gilbane Building Company	Project Engineer I	
Mechanical Engineering	Alliance Consulting Group	Associate Consultant	\$65,544
	Axis Group	Associate Solutions Consultant (2)	
	Bechtel Plant Machinery Inc.	Mechanical Engineer	
	Beckman Coulter	Mechanical Engineer I	
	Blueground	Operations Associate	
	Brecoflex Co. LLC	Manufacturing Engineer	
	Cardone Industries	Product Engineer	
	Clark Construction	Field Engineer	
	Cobalt Robotics	Liaison Engineer	
	Corning, Inc.	Process Services Engineer	
	Domani Inspection Services	Field Engineer	
	Huntington Ingalls Industries	Submarine Engineer	
	JB&B	Commissioning Engineer	
	Lockheed Martin	Mechanical Design Engineer	
	Lutron Electronics	Manufacturing Engineer	
	Lux Research	Artificial Intelligence & Sensors Research Associate	
	Netskope	CRA Data Analyst	
	Pillar Innovations	Product Engineer	
	PowerAdvocate	Analyst	
	Pratt & Whitney	Engineering Development Program	
	Pratt & Whitney	External Structures Engineer	
	Pratt & Whitney	Structures Engineer	
	Qortek	Mechanical Engineer	
	Raytheon	Operation Engineer I	
	River City Rascals	Professional Baseball Player	
	RPA Engineering	Mechanical Engineer	
	Setty & Associates	Mechanical Engineer	
	Synapse Product Development	Mechanical Engineering Intern	
	United States Army	Second Lieutenant
