Dr. Timothy G. Strein
Department Chair
Bucknell University
1 Dent Drive
Lewisburg, PA 17837

Dear Dr. Timothy G. Strein:

I am very pleased to inform you that the American Chemical Society (ACS) student chapter at Bucknell University has been selected to receive an Outstanding award for its activities conducted during the 2016-2017 academic year.

For the 2016-2017 academic year, over 400 chapter activity reports were submitted and The Society Committee on Education presented **52** outstanding, **114** commendable, and **139** honorable mention awards. You can find a list of the award winners in the November/December 2017 issue of *inChemistry*, the student member magazine. The award winning chapters will also be honored at the 255th ACS National Meeting in New Orleans, LA.

Professor Patrick Martino, faculty advisor of the chapter, deserves special commendation. Few faculty members are willing to make the great commitment of time and energy that a successful chapter requires. Professor Martino's efforts certainly represent the best in undergraduate science education and mentoring around the country. We extend our warmest congratulations to the students and Professor Martino for setting such a fine example for other chapters and being exemplary chemistry ambassadors!

If you have any questions regarding ACS Student Communities, please contact Nicole Di Fabio, at 202-776-8010; or n_difabio@acs.org.

Sincerely,

Allison A. Campbell, Ph.D.
2017 President
American Chemical Society
