ADMISSION OF STUDENTS.

TO FRESHMAN STANDING.

1. There must be furnished to the President by the candidate satisfactory testimonials of good moral character, and, if from another college, a certificate of honorable dismissal must be presented. No student from another college will be admitted except at the beginning of the Academic year.

The required age for admission to the Freshman Class is fifteen years.

2. The requirements for admission to each of the various Courses amount to the work of a High School with a four years' Course. Expressed in units, of a term of twelve weeks, five lessons a week, the requirements for admission to any of the Courses are forty-eight such units, of which thirty-two are required in General for all of the Courses and the remainder vary with the several Courses.

Three of these units are equal to a Carnegie unit.

In preparation for this part of the requirement, it is important that the candidate shall have been instructed in the fundamental principles of Rhetoric.

All students received upon certificate are regarded as in conditional standing, and will not be matriculated unless their work during the first ten weeks of the term shows that their preparation has been sufficiently thorough.

No student is admitted to matriculation until he has shown by his class work during at least ten weeks and by his department that he is worthy of membership in the College.

HONORABLE DISMISSAL.

No person will be dismissed from the College as in good standing who leaves it while under censure; and papers of dismissal given to those leaving while under a condition shall distinctly mention the condition; nor will honorable dismissal be granted to any student who has not discharged all his pecuniary obligations to the Institution. No papers of dismissal or of grades will be granted to a student who has not completed one year of work; nor will credits certified except for work done in class in this College. All certificates of dismissal are signed by the President of the University and sealed with the corporate seal, and no others are valid.

No certificate or statement as to work done in his department is granted by any professor or instructor to an undergraduate.
