To our Burmese Guests:

It is my pleasure to extend to you a most cordial welcome to our campus. We are delighted that you have come to visit us and to become for at least a brief period a part of the Bucknell community.

As you know, the friendly relationship of Burmese and Bucknell students began more than a century ago, when one of your fellow countrymen enrolled here as Bucknell's first foreign student.

The fact that we are presently observing our Seventeenth Annual Burma-Bucknell Weekend is evidence of our desire to continue the exploration of ideas and problems posed by our respective cultures. Our program this year, A Symposium on Aspects of America and Southeast Asia, is especially significant in the light of current world events.

The Weekend, we believe, will afford an opportunity for all of us to exchange worthwhile ideas and to make new acquaintances in an atmosphere of friendship and good will.

We sincerely hope that your stay here will be both pleasant and rewarding, for you are very welcome guests.

Cordially yours,

Charles H. Watts
The Burma—Bucknell Tradition

Once a year Bucknellians and Burmese in the United States get together on the campus of Bucknell University to spend a weekend discussing current topics of mutual interest. This year's topic will be the problem America is now facing in Southeast Asia; it will be dealt with in a program called "A SYMPOSIUM ON ASPECTS OF AMERICA AND SOUTH-EAST ASIA."

Ties between Burma and Bucknell date from 1858 when Maung Shawloo '64, great grandson of the King of Mayawaddy, became the first Burmese student to study in the United States as well as the first non-American student at Bucknell. He was one of the initial members of Phi Kappa Psi fraternity. Upon graduation from medical school he visited President Andrew Johnson at the White House. From President Johnson Dr. Shawloo carried a personal message of greeting to King Mindon of Mandalay. Invited to come to the King's court he chose rather to serve his home people in Moulmain, where he has become a legend. He died in 1929 at the age of 91.

Miss Helen Hunt, daughter of Bucknell's past president Hunt, began the Bucknell Scholarship fund at the University of Rangoon when she was Dean of Women there. Another Bucknellian, Mr. Samuel H. Rickard '23, taught English at the University of Rangoon before joining the Office of Strategic Services and then the Ford Foundation in Burma. It was at their suggestion that the first Burma-Bucknell Weekend was held in 1948, the year of Burma's independence. The program was designed not only as a renewal of Burmese-Bucknell friendships, but to promote and strengthen international understanding, for it is only with an acceptance of all men as brothers and an understanding of the complex problems in the world today that peace can be achieved.

The bowl, mounted on a teakwood base of carved lions, is displayed in the main foyer of the Ellen Bertrand Library.

The bowl is awarded annually in recognition of a significant contribution to the ideals of brotherhood and good citizenship. Citations have been given to the Phi Lambda Theta Fraternity, Dr. Cyrus Karraker, Mr. Forrest D.
