

*Teacher Recommendation
Bucknell Chemistry Camp*

****Note:** This student is applying to a 4 day residential academic camp to be held on the campus of Bucknell University. Students will be in class for 25-30 hours over 4 days, and expected to complete independent assignments. Mature and respectful behavior is required. On school letterhead, please share your thoughts on the student you are recommending, specifically:

1. *In what capacity and for how long have you known the applicant? In which course(s) have you taught the applicant and when?*
2. *Please comment briefly on this student's academic strengths and motivations for participation in a summer academic program. To the extent possible, please assess the student's maturity, stability, independence, teamwork capability, and ability to adjust to on-campus study.*
3. *How interested is this student in a career in chemistry or a chemistry-related field?*
4. *How would this student benefit from a 4-day camp exploring various fields of chemistry?*

Deadline for **receiving** the completed recommendation letter is: March 29th 2019
