The Advanced Placement (AP) program allows students to earn college credit for qualifying exam scores. A student’s performance on the AP exams will determine whether advanced placement and credit will be granted by Bucknell. For any course in which a student has earned both a satisfactory AP test score and college credit at another institution, transfer credit will be awarded only for the AP score or the college credit, not both.

*Courses may also be used to satisfy specific major requirements, please consult the department of your major for more information.*
