

The Tuition Prepayment Plan At Bucknell University

Bucknell University has developed a payment option that will enable families to stabilize tuition charges for the period of the student’s undergraduate career. The Tuition Prepayment Plan (TPP) offers the participant/s the opportunity to prepay tuition for two, three, or four years at the rate of annual tuition set for the first year of participation in the plan, and protects the participant/s from future tuition increases while their student is enrolled.

Eligibility

Students who are not financial aid recipients and are in full-time continuous attendance at Bucknell are eligible. Charges for items not included in tuition must be paid as they fall due. The plan is available only for undergraduate study at Bucknell University.

Leave of Absence

Should a student take a leave of absence for a period of up to one year, the tuition prepayment for that year (or semester) will be applied to the next year (or semester) of scheduled enrollment which has not already been prepaid. The assignment of funds to a future year is

prepaid. The assignment of funds to a future year is applicable for a maximum period of up to one year of the student’s undergraduate career. If a student takes a leave of absence for up to one year to earn credit at another institution which will be applied to his or her Bucknell degree, a refund of the prepaid tuition for the period of the leave will be made upon request.

Leaves of absence for more than one year will be defined as a withdrawal and a prorated refund will be made as indicated.

Withdrawal from the University

In the event the student withdraws from the University, a refund of tuition prepaid will be made for the current year in accordance with the University’s published refund policy. Refunds for future years will be made in the amount prepaid for each year.

Additional information and application forms may be obtained by emailing bursar@bucknell.edu. Please include the student’s name, BU ID# and class year.
