We believe in creating opportunities for our students to become strong, impactful leaders, engaging and innovative artists and compassionate members of a global community. Our aim is for students to develop deeper understandings of different cultures and diverse perspectives through the eyes of artists. We train our students to express these understandings through the powerful mediums of theatre and dance. Our graduates are future artists and leaders, uniting, inspiring and embracing the goal of collaborative performance. Our students embody this goal as they strive to discover and reveal the meaning in the world around us.
