CHANGES MADE FOR FALL 2020

- Implemented social distancing and safe food handling procedures in all dining venues to respond to COVID-19.
- We wanted our students to have access to at least one meal per day for nutritional purposes and to keep them on campus for those meals.

CHANGES MADE FOR FALL 2020

CAFETERIA

- The cafeteria is changed from an all-you-care-to-eat dining venue to one trip through a serving line.
- To reduce touch points, the food available through these lines will be packaged by a server as students pass through the lines, essentially the same way as they previously were served— just served in a box rather than on a china plate.
- Students will be able to choose food from a number of stations including a vegan entree, a pasta entree, a grill special, a homestyle entree that includes two sides, a salad special, a deli special, a dessert and a beverage.
- Students may select any of those items for their meal, and may take a second portion from any of these stations.

CHANGES FOR FALL 2020

FOOD COURT AREAS

- Because of social distancing, it is not possible to operate the food court areas as before.
- The 2 main food courts are converted to the single line service just like the cafeteria to help address social distancing concerns.
- The menu is the same in all locations to help avoid overcrowding.
- Meal swipes are now accepted for payment.
- Smaller food court areas will have limited menu items such as coffee, bottled beverages and snacks.

MEAL PLANS OFFERED FOR FALL 2020

- 7 meals per week - \$1,400/semester (99 swipes)
- 12 meals per week - \$1,950/semester (169 swipes)
