

BUCKNELL UNIVERSITY INTELLIGENCE (BUI) DASHBOARDS

Having access to data and measuring progress toward goals are essential to the success of any planning effort.

The Bucknell University Interactive Dashboards is a visual interface that provides at-a-glance views into key measures and trends to assist decision-makers in Bucknell's strategic planning efforts. The dashboards are developed by the Office of Institutional Research & Analytics in collaboration with the Office of Enterprise Systems and the Division of Communications and are designed to allow users to customize data reports based on individual needs.

PUBLIC DASHBOARDS

bucknell.edu/BUI-Dashboards

ACADEMIC ENGAGEMENT DASHBOARD
