BUCKNELL UNIVERSITY FACT BOOK

FOREWORD

The Office of Institutional Research & Planning is pleased to present the 2021-2022 Bucknell University Fact Book. This book is intended as a single, comprehensive, readily accessible and accurate source of information about Bucknell University, and it provides answers to many commonly asked questions about our institution and the people who are part of it, including trends over time.

The 2021-2022 Fact Book reflects Bucknell's commitment to transparency and accountability, as well as our continuing effort to improve the quality and accessibility of information about our university to internal and external stakeholders. Given the increasing external demand for accurate and readily accessible information, as well as the internal shift in culture toward data-informed decision making at all levels of our institution, we continued to update the existing dashboards and created several new ones that complement the print edition of the Fact Book. The dashboards have added functionality, essentially allowing the stakeholders to conduct real-time analyses to answer specific questions, and it is our hope that they will make the information both more accessible and easier to use. Both the print Fact Book and the dashboards are available at <https://www.bucknell.edu/azdirectory/institutional-research-planning>.

As in the previous years, we would like to extend our sincere appreciation to all offices that contributed to the creation of the Fact Book by providing us with the requested data as well as sharing their expertise in other ways. We hope that you will find the Fact Book informative and useful. Please let us know if you have any comments or suggestions about how we could improve either the print version or the new dashboard edition in the future.

All the best,
Kevork Horissian

THE MISSION OF BUCKNELL UNIVERSITY

Bucknell is a unique national university where liberal arts and professional programs complement each other. Bucknell educates students for a lifetime of critical thinking and strong leadership characterized by continued intellectual exploration, creativity, and imagination. A Bucknell education enables students to interact daily with faculty who exemplify a passion for learning and a dedication to teaching and scholarship. Bucknell fosters a residential, co-curricular environment in which students develop intellectual maturity, personal conviction and strength of character, informed by a deep understanding of different cultures and diverse perspectives. Bucknell seeks to educate our students to serve the common good and to promote justice in ways sensitive to the moral and ethical dimensions of life.

Bucknell's rich history and heritage will influence its planning for the future. Bucknell's potential as an institution of higher learning extends beyond that of a traditional liberal arts college by virtue of its larger size and expansive programs. The University's broader spectrum of disciplines and courses of study within a diverse and active residential campus community enhance the quality of all aspects of the undergraduate experience, both in and out of the classroom.

THE VISION OF BUCKNELL UNIVERSITY

To provide students with the premier undergraduate experience in American higher education.

Bucknell will offer an academic program that is challenging and distinctive, with the capacity to prepare its graduates for successful personal, professional, and civic lives in the 21st century. Bucknell's residential life and co-curricular activities will fully support its academic program. This integrated environment for student learning and growth, enhanced by diversity in all its forms, will build connections to a global society. In doing so, Bucknell will emerge from a place of strength to a position of preeminence within American higher education.

A brief history of **BUCKNELL UNIVERSITY**

Bucknell University was founded in 1846 by a group of Baptists who deemed it “desirable that a Literary Institution should be established in Central Pennsylvania, embracing a High School for male pupils, another for females, a College and also a Theological Institution.”

The charter for the University at Lewisburg was granted by the Legislature of Pennsylvania and approved by the governor on Feb. 5, 1846. Classes were held in the basement of the First Baptist Church in Lewisburg.

In 1850, the University moved into Taylor Hall, the first building completed on campus, which housed both women and men’s studies until the opening of the Female Institute in 1852. The school’s first commencement was held Aug. 20, 1851, for a graduation class of seven men.

The Female Institute began instruction in 1852, with college courses being opened to women in 1883. The first woman graduate was Chella Scott, who received a bachelor’s degree with honors in 1885, and spoke at her commencement.

In 1875, Edward McKnight Brawley was Bucknell’s first African-American graduate, receiving a bachelor’s and master’s degree. He served as president of what became Selma University and Morris College, which he helped to found. Bucknell’s first international student was Maung Shaw Loo, who came from what is now called Myanmar as the first Burmese native to study in the United States; he graduated in 1864 and served many years as a physician in his home country.

The University at Lewisburg was renamed in 1886 in honor of William Bucknell, a charter member of the Board of Trustees and a major benefactor who challenged the board to match his donation. Mr. Bucknell also funded the University’s first scholarship, the first prizes for female students and the building of Commencement Hall, a chapel now named Bucknell Hall and home to the Stadler Center for Poetry.

Today, Bucknell is the nation’s largest private liberal arts university with 3,500 undergraduates on a 450-acre campus. As a highly selective private university, Bucknell offers a personalized and comprehensive liberal arts education to exceptionally talented students from across the U.S. and around the world. It offers academic programs in the arts, engineering, humanities, management, and social and natural sciences as well as the creative and performing arts; facilities for professional-grade instrumentation and spaces for digital and collaborative learning; and broad opportunities outside of class.

Bucknell University is now much more than a literary institution: It is a place that prepares students for success in an increasingly complex and interconnected global society.

| One student may be granted multiple awards during an academic year (e.g., a dual degree). Thus, it is very likely that count of completions (awards) is greater than its count of completers (award recipients). | | | | | | | | | | |

Undergraduate Class Size

To calculate class sizes, we used the Common Data Set (CDS) definition which is used for our external reports to college guides and rankings.

A class section is an organized course offered for credit, identified by discipline and number, meeting at a stated time or times in a classroom or similar setting, and not a subsection such as a laboratory or discussion session. Undergraduate class sections are defined as any sections in which at least one degree-seeking undergraduate student is enrolled for credit. Exclude distance learning classes and noncredit classes and individual instruction such as dissertation or thesis research, music instruction, or one-to-one readings. Exclude students in independent study, co-operative programs, internships, foreign language taped tutor sessions, practicums, and all students in one-on-one classes. Each class section should be counted only once and should not be duplicated because of course catalog cross-listings.

Undergraduate Off-Campus Experience by Program

Data Source: From Bucknell Data Warehouse pulled by Cognos as of 11/4/2021

Off-Campus Study numbers were retrieved from the student record system named Horizons. The big increase of off-campus study in 2017 and 2018 summer was tied to two factors: Freeman College of Management and ECON students taking part in the LSE summer school program and a very large number of Chinese International Students taking courses on summer programs at home in China. Due to COVID-19 in 2020, all of the students had to return to the U.S. early in 2020 spring, and no students studied off campus in 2020 summer.

Participation Rate of Off-Campus Experience by Graduating Senior Class

* Off campus experiences exclude main campus study and non traditional study. This is an unduplicated count. Since some summer off campus programs do not require registration, listed number may not include students who had those summer experiences.

** Total number of graduated seniors is based on a 12-month time period beginning July 1 of the previous calendar year and ending June 30 of the current calendar year, which is consistent with IPEDS reporting. The total number indicates seniors who graduated in July, January, and May at Bucknell.

DEFINITIONS

BUCKNELL UNIVERSITY

| TERM | DEFINITION | DEFINITION SOURCE |
|----------------------------------|--|-------------------|
| Admissions | | |
| First-year student | A student who has completed less than the equivalent of 1 full year of undergraduate work; that is, less than 30 semester hours (in a 120-hour degree program) or less than 900 contact hours. | IPEDS |
| IPEDS | IPEDS is the Integrated Postsecondary Education Data System. It is a system of interrelated surveys conducted annually by the U.S. Department of Education's National Center for Education Statistics (NCES). IPEDS gathers information from every college, university, and technical and vocational institution that participates in the federal student financial aid programs. The Higher Education Act of 1965, as amended, requires that institutions that participate in federal student aid programs report data on enrollments, program completions, graduation rates, faculty and staff, finances, institutional prices, and student financial aid. | IPEDS |
| Revised SAT in 2017 | The SAT scores for Fall 2017 represent scores from the redesigned SAT (rSAT) test. Fall semester entering students had the option to submit the historical SAT (hSAT) scores. Using the instructions provided by the Integrated Postsecondary Education Data System (IPEDS), those hSAT scores submitted were converted to the rSAT score using the College Board concordance tools and tables. The 2017 results may or may not be indicative of future year entering class SAT metrics for Bucknell's modal applicants, given the lack of data available regarding the rSAT and the combination of the hSAT and rSAT scores in this entering class. | IR Office |
| SAT/ACT test score calculation | SAT/ACT calculation is for ALL enrolled, degree/certificate-seeking, first-time (freshman) students who submitted test scores. If students submitted both SAT and ACT scores, but only SAT scores were considered for admission, only report the SAT scores (and vice versa). | IPEDS |
| Transfer Student | A student entering the institution for the first time but known to have previously attended a postsecondary institution at the same level (e.g., undergraduate). The student may transfer with or without credit. | Common Data Set |

| Full-Time Equivalent (FTE) of Students | The full-time equivalent (FTE) of students is a single value providing a meaningful combination of full time and part time students. IPEDS data products currently have two calculations of FTE students, one using fall student headcounts and the other using 12-month instructional activity. Bucknell University is using the fall headcount calculation. | IPEDS |
