# BUCKNELL UNIVERSITY INTELLIGENCE (BUI) DASHBOARDS

Having access to data and measuring progress toward goals are essential to the success of any planning effort.

The Bucknell University Interactive Dashboards is a visual interface that provides at-a-glance views into key measures and trends to assist decision-makers in Bucknell's strategic planning efforts. The dashboards are developed by the Office of Institutional Research & Planning in collaboration with the Office of Enterprise Systems and the Division of Communications and are designed to allow users to customize data reports based on individual needs.
