Students, faculty and staff have access to computer resources across campus. Many classrooms offer technology-equipped labs, including the GIS lab, sound booth, podcast studio, and more. Classrooms and labs are equipped with technology for checkout and the Bertrand Café offers a 18-hole golf course and instructional golf facility.

Bucknell's high-speed wireless network, which covers more than 98% of campus, includes many outdoor spaces. All student rooms have access to the campus network, both via Wi-Fi and through wired network jacks. Bucknell uses Moodle as its learning-management system for faculty and students. Digital television (BUTV), with a variety of high-definition programming, is available to students in campus lounges, hearth spaces and other public areas. More information: bucknell.edu/LIT.

Most students come to campus with a computer. Both Windows and Macintosh are prevalent choices. Classrooms and labs are equipped with technology to enhance the learning environment. Many classrooms across campus offer a computer for each student in the class. Students, faculty and staff have access to more than 100 computer-based training programs and many other resources. The University has a mix of approximately 1,000 Windows, Macintosh and Linux workstations located across campus in various learning spaces. The College of Engineering maintains a high-performance computing cluster in support of faculty and student research. More information can be found online at bucknell.edu/LIT.
