Class of 2024

GRADUATE *outcomes*

The following report presents the results of an extensive survey and information gathering process conducted by the Center for Career Advancement to obtain postgraduate information for Bucknell University's Class of 2024. In accordance with guidelines of the National Association of Colleges and Employers (NACE), the data collected provides a snapshot of students who graduated in the Class of 2024, which is defined as those that graduated in Summer 2023, Fall 2023 and Spring 2024.

The statistics provided are based upon information that consists primarily of survey responses from graduates and additional knowledge gained through faculty/staff reporting and other sources such as LinkedIn. Our targeted nine month outreach is initially accomplished in person at the annual cap and gown distribution followed by multiple outreach efforts such as email, telephone and text message to secure or confirm information.

On the following pages, you will find class highlights, as well as summaries from our colleges and departments. These showcase how the value of a Bucknell education has empowered our graduates to attain meaningful and purposeful experiences in their initial career pursuits.
